13th Apostle: Christianity, Constantine and the battle that changed the world Paul McDonnold

In this short-form eBook, writer Paul McDonnold tells the true story of the battle between the Roman Empire and the followers of Jesus Christ. By zeroing in on Constantine's 312 AD military campaign to Rome, "13th Apostle" condenses a narrative backbone from which to view three centuries of history. The myth is that Constantine's vision/dream at the Milvian Bridge turned the world upside down in a day. The truth is the struggle had gone on far longer—in streets, arenas and house-churches across the empire. But what happened at the bridge did mark the beginning of the end for pagan Rome. It eventually rebooted the western calendar around a humble birth in Judea. We live in its shadow still.
