Number of Pages: 17

This is a revised reproduction, not a photocopy, of an original Craftsman Six-Inch Metal Lathe Model 101.07301. This Craftsman lathe was made by Atlas and is similar to the Atlas 618. So, in this manual I added pages and information from the Atlas 618 manual that I believed were necessary and helpful for the operation of this machine, that were not included in the original Craftsman manual. This manual contains information on setup, lubrication, maintenance, and controls as well as a complete parts list and exploded views and adjustments.
