The Supreme Remedy (A Tina Rhoades Novel) Steffi Naughten

Who Is Killing the Great Judges of the Hard Right?

The biggest manhunt in a decade begins as the conservative justices of the Supreme Court start dying, one by one, in violent circumstances. But it takes the authorities months to figure out that they're looking for a lone, female, former Marine.

Her name is Tina Rhoades – a five-foot-nine, 125-pound, 32-year-old ex-Special Forces operator with a full complement of deadly skills and a major chip on her shoulder.

She had started as the very model of a young Marine: daughter and niece of soldiers, star athlete and honors student – with a strong competitive streak, an appetite for risk and adventure, and a desire to prove herself in combat. But her experiences in Afghanistan began to shake her faith in the natural order of things, and she left the service to attend law school. After her father died in police custody, and after further study and experience, she became increasingly radicalized, and critical of the U.S. legal and criminal justice systems – especially of what she came to view as the capture of the Supreme Court by a well-funded and ideologically-driven minority.

She could see only one way to rebalance the court – and to undo the careful efforts of the hard-core right over 30 years: to use the capacity for violence she had acquired as part of her military training to invoke The Supreme Remedy. She pursues her dark quest with skill and precision. What she gives up in return is her friends, any prospect of ever leading a normal life – and, perhaps, her own moral compass.

The Supreme Remedy is a lightning-paced fantasy/thriller with more than a bit of mordant humor, and the questions it raises will resonate with all who are concerned with the current direction of jurisprudence and justice in the United States.

The Enjoyable set up here cannot be questionable, such as treasuring beautiful island. Use you still want to miss the item? Find this book along with read it from at this point!

Doris Stanford:

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some publication, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this The Supreme Remedy (A Tina Rhoades Novel) can make you feel more interested to read.

Joseph Vargas:
