True Urban Legends: Stories of Murder and Mayhem (True Apparitions Book 7) Andrea G.

Whether we really believe they happened to a friend of a friend or whether we think they're just stories meant to scare the bejesus out of us, one thing is for sure: urban legends have been passed on from generation to generation for decades, and it doesn't look like they are about to stop.

The reason why we mostly tell these stories is to add a bit of flair to a regular old, run of the mill slumber party or camping trip, because there's nothing scarier than stories of murder and mayhem told in the middle of the night. Whether it is the killer in the back seat or the dangling hook stuck to your car (which by the way, did belong to that escaped lunatic), we're actually meant to extract a meaningful lesson out of the tale: don't trust strangers, don't pick up crazy hitchhikers, be wary of overly nice strangers in bars, and generally, be careful at night, because there's all sorts of stuff that can happen to you in the dark. Killers can call you from within your own house while you're lounging on the sofa, watching TV. Your hand can be licked by the same person who killed your dog. That gorgeous woman who approaches you at a bar can steal your kidney. You can mistake a huge rat for a sweet little dog. There may be alligators in the sewers. That smell may come from a dead body. That hitchhiker can turn out to be a ghost, your hair can be full of creepy crawlies, and your dog can be choking on a real human finger. Heck, people can even bury you alive!

But, then again, there are those funny urban legends we like to share, whether or not it's dark. We're sure you (just like the rest of us) tried dissolving a tooth in Coca Cola? And have you heard about Walt Disney being cryogenically frozen? Or the Mickey Mouse tattoos laced with acid?

Yes, we've all heard them at one point. And, we were all amused, frightened, shocked and disgusted. Maybe not in that order, though. So, if you feel like taking a dive into a world of possible maybes, of hook-wielding escaped patients and the weirdest, most hilarious and unbelievable blunders, gaffes, horrible accidents and even deaths, then grab this book, and get ready to be amazed.
