America's First Great Depression: Economic Crisis and Political Disorder after the Panic of 1837

Alasdair Roberts

For a while, it seemed impossible to lose money on real estate. But then the bubble burst. The financial sector was paralyzed and the economy contracted. State and federal governments struggled to pay their domestic and foreign creditors. Washington was incapable of decisive action. The country seethed with political and social unrest. In *America's First Great Depression*, Alasdair Roberts describes how the United States dealt with the economic and political crisis that followed the Panic of 1837.

As Roberts shows, the two decades that preceded the Panic had marked a democratic surge in the United States. However, the nation's commitment to democracy was tested severely during this crisis. Foreign lenders questioned whether American politicians could make the unpopular decisions needed on spending and taxing. State and local officials struggled to put down riots and rebellion. A few wondered whether this was the end of America's democratic experiment.

Roberts explains how the country's woes were complicated by its dependence on foreign trade and investment, particularly with Britain. Aware of the contemporary relevance of this story, Roberts examines how the country responded to the political and cultural aftershocks of 1837, transforming its political institutions to strike a new balance between liberty and social order, and uneasily coming to terms with its place in the global economy.

This is one guide that can break don't assess book by its deal with, so do you still needing a different sixth sense to pick this!? Oh come on your reading through sixth sense already told you so why you have to listening to one more sixth sense.

Patrick Bodin:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's internal or real their pastime. They just do what the trainer want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that examining is not important, boring as well as can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach

Chinese's country. Therefore , this America's First Great Depression: Economic Crisis and Political Disorder after the Panic of 1837 can make you really feel more interested to read.
