Goodnight My Son, I Love You Sue Serlin

On 9/22/98 my son Joel took his life by suicide. Until that time we joined together to find solutions to his mental health challenges. When he invited me into his world, he gave me the gift of trust. I was honored to be his student and his teacher. In reviewing our experience after his death, I realized how much both of us had learned and put into action. I was touched by our relationship and knew he was continuing our journey by continuing to share from the other side.

This is the story of our relationship. Threaded throughout Goodnight My Son, I Love You are numerous suggestions for working with a suicidal loved one. The book focuses on the suicidal, the family, the bereaved and those dedicated to self-growth. It is for professionals, organizations, police departments, teachers, administrators and city officials. The specific suggestions and tools all work together.

If “our” book helps one person to live and move forward, then it is an outstanding success.
