Head down the Alamo and join the San Antonio Spurs On the Hardwood, in this officially licensed NBA team book. To find the most under-appreciated franchise in professional sports, look no farther than San Antonio. Due to the Spurs understated nature and being surrounded by larger cities in Texas, the Spurs have remained in the shadows. But their relative anonymity doesn't mean that the Spurs haven't been busy. Four championships since 1999 prove otherwise. In On the Hardwood: San Antonio Spurs, we examine the teams rise to prominence, how these championship teams were built largely from discarded parts, the intensity in which they were coached, and the star players that have coexisted despite a flavored international background.
