IN 1942 WHAT ALLEGEDLY WAS A STANDARD EXPERIMENT TO MAKE A DESTROYER ESCORT MAGNETICALLY INVISIBLE TURNED INTO A SOUL-SHATTERING NIGHTMARE THAT BREACHED THE VERY WALLS OF TIME AND SPACE.

In this new, updated edition, based on The Philadelphia Experiment Chronicles, the story of a highly classified - ABOVE TOP SECRET - project conducted by the U.S. Navy, can now be told!

According to survivor accounts, the Philadelphia Experiment involved the teleportation of the U.S.S. Eldridge a mega-ton Destroyer Escort from its dry dock in the Philadelphia Naval Yard to Norfolk, Virginia - a distance of around 400 miles.

During at least part of the time, the Eldridge was "missing" from the City of Brotherly Love, the destroyer was said to have been transported into another dimension - a sort of no man's land of darkness and silence from which few have been known to come back. Indeed, upon returning to this time and space, most of the vessel's hand-picked test crew - all of whom had been left totally unprepared and unprotected by those scientists put in charge of the project - either "caught on fire," got literally frozen into the hull of the ship, went stark, raving mad, or vanished, never to be seen again.

Much has been written on the subject, but this is the only account as told by a whistle-blowing "insider." Retired intelligence operative Commander X reveals the story of Dr. M.K. Jessup, who discovered the incredible truth about the Philadelphia Experiment with the help of a mysterious man named Carlos Allende. Dr. Jessup may have paid the ultimate price for his attempts to uncover the details of what actually happened in the Philadelphia shipyard as he may have been murdered by government operatives in order to shut him up once and for all!

However, the truth did not die along with Dr. Jessup. Another man soon took reins of disclosure. Alfred Bielek claimed to be one of two known survivors of the unholy experiments that breached time and space and he also revealed that the Philadelphia Experiment continued on in secret under a new name at Camp Hero in Montauk, Long Island.

In this newly revised edition, the late Alfred Bielek leads investigators down the path of discovery on what really happened during the Philadelphia Experiment and the further destruction of innocent lives when the top secret project was relocated to Montauk. Once at Camp Hero, the Phoenix Project supposedly not only developed new methods of teleportation, but also mind manipulation and altering the very flow of time itself!
