“Now you can have the Best Obedient Dog Ever”

Without relying on “obsolete techniques” that are harmful to your dog’s wellness

Is your dog driving you nuts? Does he insist on destroying your home and turning your world upside down with his bad behavior? As much as you want to spend quality time with him, do you find that he is not exactly the joyful delight you dreamed of when you adopted him into the family? Don’t despair. There is a proven and guaranteed way to have the best obedient dog ever.

If your dog loves to bark at the mailman or even chase him down, or, if he insistently chews up your shoes, socks or sofa, it is time to discover how to immediately improve your dog’s behaviors and learn some of the powerful techniques to win him over your side.

Too many times, a dog is scolded or shamed for his bad behavior which is a negative approach. In turn, he may become aggressive or withdrawn. **There is a better way.**

With the information you will learn in this book, you will discover the secret to train your dog to do good rather than bad and to reward him for accomplishing the feat. You can train your dog positively, breaking his bad habit without breaking his spirit.

In this super easy step-by-step dog and puppy obedience training book, you will learn how to assess your dog, the student. You will be able to diagnose his bad behaviors and to look for underlying issues as well. For example, a dog who chews on your personal things may be a puppy who is experiencing teething pains or may be full grown dog with separation anxieties. Usually, there are reasons why dogs do what they do and this book will help you to take a look at things that may lay beneath the surface.

In training your dog to get past bad behaviors, you will be teaching him good things instead. Learn how to teach your dog to “Halt” which will not only solve the issue if he loves to chase cats but may also save his life if he is headed out into the street and a car is coming.

The lessons are two-fold. They help to discourage and eliminate bad behaviors and help to instill good ones. Teaching your dog not to jump as a greeting when you come home from work is a great thing but teaching him to “Shake” instead is even better.

You will learn a myriad of great resources in this book so your dog can go from “dunce” to class Valedictorian in no time.

As your dog’s trainer, this book has a world of wealth in store for you too. You will learn how to take charge of the training and tips to encourage your dog to cooperate as well. By projecting positive, passionate enthusiasm, you and your dog will excel in the lessons.

Regardless of whether your dog’s downfall is biting, chewing, barking or chasing, the lessons in this book will help you be the best trainer you can be and him to be the best dog he can be. You will be amazed at the changes in your dog as you implement the step-by-step lessons in this book.

The clock is ticking. Don’t delay another minute. Not one more shoe has to be chewed up. Not one more child has to be knocked over. Not another mailman or meter reader has to be chased. This book is so simple, your dog could train himself if he could read, but he can’t so the task is up to you.
