Rick Brannan

Second Timothy: Notes on Grammar, Syntax, and Structure (Notes on Grammar, Structure, and Syntax) Rick Brannan

This look at the grammar and syntax of Second Timothy uses a unique combination of a block outline of the Greek text with an English interlinear to expose the letter's structure. Discussion uses traditional grammatical and syntactic terminology as well as newer terminology from the realm of discourse grammar to support the reader in exegesis and teaching of Second Timothy.

“This is a fascinating study as Brannan comments on grammatical and syntactical relationships throughout 2 Timothy with comments on the implications for flow of thought and meaning. I am not aware of anything quite like this available anywhere else. This will be a great resource for anyone working through the Greek text of 2 Timothy.” — Ray Van Neste, Professor of Biblical Studies, Director of the Ryan Center for Biblical Studies, Union University

“Move beyond your word studies into a world that recognizes how words relate to each other in larger units. If you have enough Greek to begin, Rick Brannan will take you to the next step of discovering how Paul communicates to us not just by the lexemes but by the *Logos*, the message that imparts life.” — William Varner, Professor of Bible and Greek, The Master's College
