## **The Big Book Of NLP Techniques: 200+ Patterns & Strategies of Neuro Linguistic Programming**

Shlomo Vaknin

**If there was one really useful book on NLP...**

**...it would be full of NLP patterns!**

Everyone who learns Neuro Linguistic Programming knows the power of the patterns and strategies that employ the skills and knowledge of NLP. Whether you have just been introduced to the basics, or you have mastered advanced material and patterns, this work provides you with more than 350 patterns in a concise reference format, with step-by- step instructions.

We have selected each pattern for its value and relevance. If you know the pattern, you can refresh your memory; if you want to learn it, you can do so without wading through any "fluff" such as ridiculously long explanations of NLP terms, or "magical stories" of healing and success. I chose to make this book clean of theories and fiction stories, and packed it with the most practical guidelines and advice.
