Bioethics: A Nursing Perspective

Megan-Jane Johnstone

Bioethics: A Nursing Perspective Megan-Jane Johnstone

An essential resource for both undergraduate and postgraduate students and registered nurses to develop new insights and moral wisdom around ethical issues they will face in clinical practice.

Bioethics: A Nursing Perspective, 6th Edition continues to set the standard for bioethical issues in nursing practice. As with previous editions, this highly respected text provides a comprehensive framework to assist students and registered nurses to understand the ethical challenges, obligations and responsibilities they will encounter in daily practice.

- Greater depth on ethical issues, particularly those concerned with ethical conduct, unprofessional conduct and professional misconduct and ‘morality politics’
- Case scenarios and critical questions to encourage students and registered nurses to reflect on key issues that relate to their own practice
- **NEW chapters:** - Ethics, dehumanisation and vulnerable populations - Professional obligations to report harmful behaviours with a focus on impaired practitioners, child abuse and elder abuse
- Introduces a new concept: ‘cultural humility’
- Content on ‘needs versus wants’, ‘the right not to be informed’, palliative sedation, preventing ethical conflicts, the relationship between professional judgment and moral decision-making in nursing and health care contexts, and future ethical difficulties concerned with climate change, peak oil, pandemic influenza, antimicrobial resistance and health inequalities
- All chapters and references have been updated to reflect contemporary nursing practice, locally and globally

From reader reviews:

Edward Schanz:

Information is provisions for anyone to get better life, information these days can get by anyone on everywhere. The information can be a understanding or any news even a huge concern. What people must be consider while those information which is from the former life are challenging be find than now is taking seriously which one would work to believe or which one the actual resource are convinced. If you receive the unstable resource then you buy it as your main information you will see huge disadvantage for you. All those possibilities will not happen with you if you take Bioethics: A Nursing Perspective as the daily resource information.

Heather Reader:

Spent a free time for you to be fun activity to complete! A lot of people spent their spare time with their family, or their particular friends. Usually they accomplishing activity like watching television, going to beach, or picnic from the park. They actually doing same thing every week. Do you feel it? Do you want to something different to fill your own personal free time/ holiday? Could possibly be reading a book might be option to fill your cost-free time/ holiday. The first thing that you will ask may be what kinds of reserve that you should read. If you want to test look for book, may be the reserve untitled Bioethics: A Nursing Perspective can be good book to read. May be it could be best activity to you.

Deborah Rost:

Your reading 6th sense will not betray a person, why because this Bioethics: A Nursing Perspective e-book written by well-known writer we are excited for well how to make book which might be understand by anyone who all read the book. Written inside good manner for you, still dripping wet every ideas and writing skill only for eliminate your personal hunger then you still doubt Bioethics: A Nursing Perspective as good book not simply by the cover but also by content. This is one guide that can break don't assess book by its handle, so do you still needing an additional sixth sense to pick this kind of!? Oh come on your studying sixth sense already alerted you so why you have to listening to an additional sixth sense.

Bessie Hall:

It is possible to spend your free time to learn this book this publication. This Bioethics: A Nursing Perspective is simple to bring you can read it in the playground, in the beach, train along with soon. If you did not have much space to bring the printed book, you can buy typically the e-book. It is make you quicker to read it. You can save the book in your smart phone. Thus there are a lot of benefits that you will get when one buys this book.
