Cocos2D Game Development Essentials Ben Trengrove

Bring your mobile game ideas to life with Cocos2D

About This Book

- Create interactive and fun gaming experiences using Cocos2D and Objective C
- Design impressive animations and import them into your game using SpriteBuilder
- Publish your games to iOS and Android using Apportable

Who This Book Is For

If you are a game developer with experience in Objective-C and are interested in creating games for iOS or Android, this is the book for you. It will help you to quickly get started with Cocos2D and guide you through the process of creating a game, giving you the essential skills and knowledge you need to do so.

What You Will Learn

- Use sprites and nodes to create scenes to form the foundation of your game
- Discover how SpriteBuilder and its graphical tools can be used to develop your game and increase its complexity
- Design professional, impressive, and fun-filled animations
- Create an impressive user interface for an engaging gaming experience
- Explore and use physics engines for attractive gameplay and use them to add a professional finish to your game
- Add physics to your game for a more realistic experience
- Accept user input through a variety of methods including touch and accelerometer

In Detail

Focusing on the multiplatform nature of Cocos2D, this fast, fun, and helpful guide provides you with the best practices and sharpest techniques to turn your ideas into reality.

Beginning with the basics to give you a solid foundation of knowledge, such as how to display sprites on screen and organizing your game into different scenes, you will then discover how to use Cocos2D's in-built graphics editor, SpriteBuilder, to lay out your scenes, design animations, and configure complex physics interactions. You will also find out how to make your game interactive, as the book explores how to accept input touches and the accelerator.

The book is tailored to new users and also those who are upgrading from the old version.

From reader reviews:

Roberta Bourland:

Do you have favorite book? Should you have, what is your favorite's book? Book is very important thing for us to know everything in the world. Each reserve has different aim or maybe goal; it means that publication has different type. Some people experience enjoy to spend their time and energy to read a book. They are reading whatever they take because their hobby is usually reading a book. Consider the person who don't like studying a book? Sometime, man or woman feel need book when they found difficult problem or maybe exercise. Well, probably you should have this Cocos2D Game Development Essentials.

Sally Norman:

Your reading 6th sense will not betray you, why because this Cocos2D Game Development Essentials reserve written by well-known writer whose to say well how to make book that could be understand by anyone who also read the book. Written with good manner for you, still dripping wet every ideas and composing skill only for eliminate your personal hunger then you still doubt Cocos2D Game Development Essentials as good book not merely by the cover but also by the content. This is one reserve that can break don't evaluate book by its handle, so do you still needing one more sixth sense to pick this particular!? Oh come on your reading through sixth sense already told you so why you have to listening to a different sixth sense.

Stephen Galvan:

Is it a person who having spare time in that case spend it whole day by means of watching television programs or just lying on the bed? Do you need something totally new? This Cocos2D Game Development Essentials can be the response, oh how comes? A fresh book you know. You are thus out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these textbooks have than the others?

Karen Lambert:

A lot of people said that they feel weary when they reading a book. They are directly felt the item when they get a half areas of the book. You can choose the actual book Cocos2D Game Development Essentials to make your reading is interesting. Your personal skill of reading proficiency is developing when you like reading. Try to choose easy book to make you enjoy you just read it and mingle the opinion about book and reading especially. It is to be very first opinion for you to like to open a book and study it. Beside that the reserve Cocos2D Game Development Essentials can to be your friend when you're really feel alone and confuse in what must you're doing of the time.
