"They embrace violence to fulfill their sadistic agendas while cloaking their intentions in idealistic rhetoric. I hope she sends them all to hell."

A psychic channeler, possessed by spirits of extinct animals, is pursued by a group of militant ghost-hunters who view him as a menace to society... unaware that another, perhaps far greater, paranormal threat happens to be in their midst - the ethereal death-dealer known as the Nameless Lady in the Hood. A deadly game of cat-and-mouse ensues... but who's hunting whom?

A suspenseful supernatural thriller told in a unique "single-panel view" comic format designed for the digital age! (Graphic Novel, 234 pages)
