Rise Of The Wolf (Eye Of The Storm Book 5) Dianna Hardy

The fifth book in the dark paranormal fantasy series, Eye Of The Storm.

With the king returned after twenty years absent, wolves across the country - even Europe - are coming out of hiding to show their support. And not a moment too soon, for dark shadows from the past are taking centre stage in the lives of the four who lead the Surrey pack.

Is the royal line corrupt? Where do storm-wielders truly come from? And how does an ancient Egyptian mythology fit into the confused present?

As the moon begins to wax once more, answers start to surface. However, they may come too late to save their species from extinction.

The bond between the mated four is stronger than ever; a future worth fighting for is within reach... But The Trident have a new leader - one who will do anything to survive. And the knowledge one old woman harbours could be enough to destroy everything.

Written in British English. Contains scenes of explicit sex and violence that some readers may find disturbing.
