Oh My God!

Carl L Adams

Oh My God! Carl L Adams

This small book contains three true-life stories. Two are about narrowly escaping death, and one is about coming back from an out-of-body experience. This book provides the author's account of those events, and his gratitude to God for watching over him during those near disastrous times. Sorting through the details of these events, the protective Hand of God can clearly be seen within them. The book narrates the author being lost at sea while in the military. While adrift at sea all but one piece of his survival equipment failed, leaving him to the mercy of the elements, and something nipping at his feet. Sifting through the details of this event, the protective Hand of God can clearly be seen in them. Surviving this hopeless ordeal was a miracle. The book also documents the meticulous details of an unexpected out-of-body encounter experienced by the author. The story further explores many unexpected emotions surmounted after the occurrence. Once read, readers will agree with the author that God brought him back for a purpose - a purpose revealed toward the end of the book, and becoming its last chapter.
