Rise of the Time Lords: A Geek's Guide to Christianity Michael Belote

Rise of the Time Lords is the debut book by popular Christian blogger Michael Belote of RebootChristianity. It is the Gospel for the Geeks--Christianity as explained through the lens of science fiction and geekdom. It is an engrossing book for people who are fans of Doctor Who, Star Wars, Firefly, and engineering but find theology boring and Christian books dull or generic.

In each chapter of Rise of the Time Lords, Belote shares a sci-fi story or scientific principle, using these as analogies and illustrations to demonstrate the way Christians view the spiritual world and the teachings of Scripture. In these pages the reader learns about the Trinity from a Pringles can, about sin from star formation, about the afterlife from R2-D2, about the duality of man from Schrodinger's Cat, about grace from air conditioners, about judgmentalism from Einstein's Relativity, and much more.
