Alt.History repeats itself... From the creator of the #1 bestselling Future Chronicles anthology series comes a collection that turns the world you know upside down.

In Alt.History 102, twelve top speculative fiction authors re-imagine the world - as one where a beautiful actress becomes a spy for the Allied forces, as one where the Internet is tightly held only by an elite few, as one where the Native American population is resistant to European diseases - and nine other compelling stories charting the histories of our world.

Enter worlds so much like our own, yet so different - where everything you know... is history.
