## Countering Nuclear and Radiological Terrorism (Nato Security through Science Series B:)

Since the dissolution of the Soviet Union the nuclear threats facing the world are complex and constantly evolving. This volume is structured to promote wide-ranging, multi-national exploration of critical technology needs and underlying scientific challenges to reducing the threat of nuclear/radiological terrorism; to illustrate through country-specific presentations how resulting technologies were used in national programs; and to outline the role of legal, policy and institutional frameworks in countering nuclear/radiological terrorism.
