A woman he could never forget...

Matt Redstone met Morgan Chase just once, but he's never forgotten the lovely Florida panther shifter. He just can't figure what it is about her that intrigues him so.

A man who frightens her, but makes her want to forget all her fears...

Morgan doesn't want to work with Matt, but she has a job to do, and she's nothing if not professional. A lone shifter brought up by a vampire Master, she has deliberately distanced herself from other shifters for most of her life.

A trio of criminals causing earthquakes that could trigger The Big One...

Matt and Morgan must work together through cave-ins and firestorms to stop those who would use the earth for their own evil purposes. But Matt has an uphill battle to prove to Morgan that he doesn't want to stifle her mind, career or personality. He wants her just the way she is. The question is, can she get past the horrors of her past to embrace a possible future with a man who seems almost too good to be true?
